State University of New York at Geneseo Geneseo, NY
Bachelor of Arts in Geography May 2012

WORK EXPERIENCE

Fort Drum Regional Health Planning Organization (FDRHPO) Watertown, NY
Population Health Data Analyst May 2015 – Present

- Translate population health data, including hospital use and mortality records, into actionable information for internal and external users through data analysis, mapping, and other visualizations
- Present population health information to a variety of audiences, including the region's population health improvement coalition
- Maintain the North Country Health Compass website (www.ncnyhealthcompass.org) as a regional hub of information on best practices, funding opportunities, population health status, health disparities, and health determinants
- Lead collaboration across hospitals, local health departments, and community-based partners to write community health assessments and implement community health improvement plans

New York State Energy Research and Development Authority (NYSERDA) Albany, NY
Performance Management and Evaluation Systems Intern Nov 2013 – May 2015

- Developed reports and reporting systems for NYSERDA-administered funds and initiatives, including the Regional Greenhouse Gas Initiative and the Renewable Portfolio Standard
- Designed and created maps, data visualizations, and data sets using ArcGIS Desktop, Tableau Desktop, and Excel for use in reports and for use by program staff
- Compiled and prepared data sets for release on New York's Open Data Portal (<http://data.ny.gov>)

Development Authority of the North Country (DANC) Watertown, NY
Geographic Information Systems Intern Aug 2011 – Dec 2012

- Developed water and wastewater geographic information systems (GIS) for municipal customers, including data collection in the field using mobile GPS

State University of New York at Geneseo Geneseo, NY
Physical Geography Teaching Assistant Aug 2011 – Dec 2011

Livingston County Planning Department Geneseo, NY
Geographic Information Systems Intern Jan 2011 – May 2011
